

I B P S OFFICER 17.03.2013	PREVIOUS QUESTION PAPER
	IBPS SPECIALIST OFFICER CWE

REASONING

Directions (1-5) : In each of the following questions two/three statements are given followed by two Conclusions numbered I and II. You have to take the given statements to be true even if they seem to be at variance from commonly known facts. Read both the conclusions and then decide which of the given conclusions logically and definitely follows from the given statements disregarding commonly known facts.

1. Statements

All beans are pulses.
All pulses are crops.
No crop is seed.

Conclusions:

- I. All crops are pulses.
II. All beans are crops.
- (1) Only Conclusion II follows
 - (2) Neither Conclusion I nor Conclusion II follows
 - (3) Either Conclusion I or Conclusion II follows
 - (4) Only Conclusion I follows
 - (5) Both Conclusion I and Conclusion II follow

2. Statements

No fruit is vegetable
All potatoes are vegetables.
Some fruits are apples.

Conclusions:

- I. Some apples are potatoes
II. Some potatoes being fruits is a possibility.
- (1) Both Conclusion I and Conclusion II follow
 - (2) Only Conclusion II follows
 - (3) Either Conclusion I or Conclusion II follows
 - (4) Only Conclusion I follows
 - (5) Neither Conclusion I nor Conclusion II follows

3. Statements

All books are journals.
All diaries are journals.

Conclusions:

- I. All journals are books.
II. Some diaries being books is a possibility.
- (1) Either Conclusion I or Conclusion II follows
 - (2) Only Conclusion I follows
 - (3) Both Conclusion I and Conclusion II follow
 - (4) Neither Conclusion I nor Conclusion II follows
 - (5) Only Conclusion II follows

4. Statements

No fruit is a vegetable.
All potatoes are vegetables.
Some fruits are apples.

Conclusions:

- I. No fruit is a potato.
II. At least some apples are fruits.
- (1) Both Conclusion I and Conclusion II follow
 - (2) Either Conclusion I or Conclusion II follows
 - (3) Only Conclusion II follows
 - (4) Neither Conclusion I nor Conclusion II follows
 - (5) Only Conclusion I follows

5. Statements

All beans are pulses.
All pulses are crops.
No crop is a seed.

Conclusions:

- I. No seed is a bean.
II. No bean is a pulse.
- (1) Both Conclusion I and Conclusion II follow
 - (2) Neither Conclusion I nor Conclusion II follows

- (3) Only Conclusion I follows
- (4) Either Conclusion I or Conclusion II follows
- (5) Only Conclusion II follows

6. Read the given statements carefully and answer the question given below :

The project of the road construction (work) has; crossed its first deadline as far as pre-monsoon road works are concerned. In the major city the road works are given great emphasis and these are the places where road work has been completed.

Which of the following can be concluded from the statements given above?

- (1) The start the work of the road one has to go through a lot of tiresome paperwork before starting the repair work which delays the whole work of the road.
- (2) It takes several hours while travelling via these roads
- (3) The work of the road is going on
- (4) They will start the road works well in advance
- (5) None of these

Directions (7-8) : Read the following information carefully and answer the questions which follow:

Supermarkets are growing at a fast pace than Kirana Stores. Kirana Stores are such places where customer go to purchase their necessities. In place of five Kirana stores one or two supermarkets are being established. It has been found that customers' requirements are looked after by trained staff. It has been found that food products are low life products which are manufactured from local manufacturers. These products are typically pur-

chased by the customer on the assurance. The market is appealing to supermarkets and retail outlet owners are setting up their business in other areas where there are less Kirana stores.

7. Which of the following can be a good argument in favour of shopping from Kirana stores instead of supermarkets ?

- (1) People prefer supermarkets because they offer a larger range of products, i.e, products other than FMCG and they can buy everything under one roof.
- (2) People end-up buying other irrelevant things along with those on their shopping lists in Supermarkets and then they have to stand in long queues at the billing counters.
- (3) Most Kirana stores are closed atleast one day in a week whereas supermarkets are open 365 days a year.
- (4) Kirana stores do not accept debit and credit cards.
- (5) Very few Kirana stores sell products at a bargained price.

8. Which of the following can be inferred from the given information? (An inference is something that is not directly stated but can be inferred from the given information).

- (1) Most supermarkets and retail outlet owners choose to set up businesses in areas that have very few Kirana stores.
- (2) People tend to trust retail outlets and supermarkets when it comes to buying high value products as opposed to buying them from local shops.
- (3) If there are two or more Kirana stores in a typical residential area the competition among them is very high.

(4) Kirana stores owners are vying to acquire franchisee of supermarkets as the local shops have lost their charm and business.

(5) Kirana stores do not sell the products which consumers have on their regular shopping lists, so they have to depend on supermarkets.

Directions (9-11) : Read the following information carefully and answer the questions given below :

Among five persons - P, Q, R, S and T— each has different height. Only two persons are shorter than S. T is shorter than S but taller than R. The one who is the second tallest among them is of 158 centimetre.

9. Which of the following statements is definitely true with respect to the given information ?

- (1) R is definitely 150 cm
- (2) None of the given statements is true
- (3) T is shorter than S
- (4) Q is shorter than S
- (5) P is possibly 153 cm

10. Which of the following is possibly the height of Q ?

- (1) 148 cm (2) 156 cm
- (3) 152 cm (4) 150 cm
- (5) 158 cm

11. How many persons are shorter than Q ?

- (1) Two (2) Three
- (3) Four
- (4) Cannot be determined
- (5) One

Directions (12-13): Read the following statements carefully and answer the questions given below :

Mobile technology has played great role in growth and development of society. Earlier cellphone was used as a medium of conversation only. Now mobile phones also support a wide variety of other services, such as, texting, email, internet access etc. The price of mobile phones is also decreasing

and people are being encouraged to buy a mobile phone set at a cheaper rate. The mobile technology and smartphones have the capabilities of handling video calls, sharing large files. Mobile technology had made it more efficient to conduct business. Video calls and taking photographs have become possible as mobile phone has in built camera. Therefore, there is no need to carry around a camera everywhere you go.

12. Which of the following cannot be inferred from the given information ? (An inference is something that is not directly stated but can be inferred from the given information).

- (1) One can share photos and videos via mobile phones provided that the other person has a similar device.
- (2) Many features are being added to mobile phones now-a-days
- (3) The other features of mobile phones are not as useful as the built in camera
- (4) Mobile phones can be used for purposes other than making calls
- (5) Technological advances are taking place in fields other than cellphones as well

13. Which of the following can be concluded from the given information ?

- (1) Buying a phone with a camera is more convenient than buying two different devices
- (2) Mobile phones that are basic last longer than the ones with added features
- (3) Not many people are interested in clicking pictures with mobile phones
- (4) It is possible to share picture with someone having a similar camera
- (5) No one will buy camera now onwards

Directions (14 - 15) : Study the following information to answer the given questions :

'TRAVEL' is related to 'UD - KUSB' and 'CORNER' is related to 'MDQDPS'.

14. 'SURVEY' is related to_____.

- (1)UDXSTV
- (2) UXDTS V
- (3) TVSUD X
- (4) UDXTV S
- (5) UDXVTS

15. 'GROUPS' is related to_____.

- (1) TORHSP (2) TOHRSP
- (3) TORPHS (4) ROTHSP
- (5) ROTPHS

Directions (16-20): Study the following information to answer the given questions :

In a certain code '8 2 9' means 'how art thou,' '9 5 8' means 'thou art good' and '1 5 8 7 3' means 'thy good and thou bad'.

16. What may be the possible code for 'thy' ?

- (1) 1 or 7 (2) 7
- (3) 3 (4) 5
- (5) 1 or 7 or 3

17. What is the code for 'thou' ?

- (1) 9 (2) 8
- (3) 2 (4) 5
- (5) None of these

18. What is the code for 'how' ?

- (1) 5 (2) 8
- (3) 2 (4) 9
- (5) None of these

19. Which of the following may possibly be the code for 'thou no good' ?

- (1) 5 0 8 (2) 7 8 0
- (3) 5 0 7 (4) 7 8 0
- (5) None of these

20. What is the code for 'how good thou art' ?

- (1) 7 5 8 9 (2) 8 2 9 5
- (3) 7 1 8 3 (4) 8 7 9 5
- (5) Cannot be determined

21. **Effect** : The temple at the religious site wears a deserted look with the number of devotees trickling down. Which of the following can be a possible **cause** of the above effect?

(1) A structural engineer had visited the temple a month back and had declared the structure unsafe.

(2) The temple is facing a drastic depletion of its funds which had accumulated over the years due to offerings made by devotees.

(3) The local corporation decided to donate a huge amount of money to the temple for its renovation.

(4) The village housing the religious site has qualified priests to perform religious ceremonies.

(5) A famous actor recently visited the temple and paid his respects to the deity.

22. **Statements** : The Income Tax authorities carried out raids at three different business houses in the city last week.

Which of the following can be a possible **effect** of the above statement ?

(1) The three business houses are regular defaulters in payment of their income tax.

(2) The Income Tax department had received a tip off about the illegal activities going on in the three business houses.

(3) The Government decided to look into the matter and has appointed an inquiry committee.

(4) Other business houses took immediate action to clear off all their income tax dues in order to avoid a raid on their establishments.

(5) The authorities intend to conduct raids in several other business houses in the vicinity.

23. **Effect** : As a step to regulate private hospitals, the state health department is framing rules to ensure all such hospitals are registered with it. Which of the following can be a possible **cause** of the above statement ?

(1) The department realised the private hospitals charge much less for treatment as compared to government hospitals.

(2) Government run hospitals do not maintain the same standards as private hospitals.

(3) The department realised that several hospitals were rejecting cases stating lack of infrastructure.

(4) Apart from the number of doctors, nurses and beds, the kind of procedure a hospital can carry out based on its infrastructure will also be registered and detailed.

(5) Private hospitals nor registering with the department shall be forced to do so and will have to pay hefty penalties.

24. **Statement**: The constable has been recommended for a suitable reward by his superior in recognition of his sincere duty and busting of several gangs of criminals actively involved in the loot and incidents of pickpocketing.

Which of the following can be a possible **assumption** of the above statement ?

(1) The superior is certain that the recommendation would be denied.

(2) The number of criminals apprehended by this particular constable was exceptionally high.

(3) The constable desires to be monetarily compensated for his efforts.

(4) The superior wants to set an example for his other juniors by recommending the reward.

(5) Rewards recognising the sincerity and accomplishment of policemen are given.

25. **Statement** : The college has finally received accreditation and has gained the status of a deemed university.

Which of the following can be a possible **effect** of the above statement ?

- (1) The principal of the college will now have to be a retired government official.
- (2) Number of students seeking admission to this college in the next academic year would drop significantly.
- (3) The college will charge lesser fees from all its students despite not getting a grant from the government.
- (4) The college will reduce the number of courses that it runs by a significant margin.
- (5) The reputation of the college amongst the student population in general has improved.

Directions (26-27) : In these questions, relationship between different elements is shown in the statements. These statements are followed by two conclusions.

Mark answer If

- (1) Only conclusion I follows.
- (2) Only conclusion II follows.
- (3) Either conclusion I or II follows.
- (4) Neither conclusion I nor II follows.
- (5) Both conclusions I and II follow.

26. Statement : $E < F \leq G = H > S$

Conclusions :

- I. $G > S$
- II. $F \leq H$

27. Statement : $P \leq Q < W = L$

Conclusions :

- I. $L > P$
- II. $Q \leq L$

Directions (28 - 30) : Study the following information to answer the given questions :

A word and number arrangement machine when given an input line of words and numbers rearranges them following a particular rule. The following is an illustration of input and rearrangement.

(All numbers in these questions are two digit numbers)

Input : 16 today 32 waiting 21 are
11 people 46 bus 66 long

Step I : 16 today 32 waiting 2111
people 46 bus 66 long are

Step II : 16 today 32 waiting 21
people 46 bus 66 long 11
are

Step III : 16 today 32 waiting 21
people 46 66 long bus 11
are

Step IV : today 32 waiting 21
people 46 66 long 16 bus
11 are

Step V : today 32 waiting people 46
66 21 long 16 bus 11 are

Step VI : today 32 waiting 46 66
people 21 long 16 bus 11
are

Step VII : today waiting 46 66 32
people 21 long 16 bus 11
are

Step VIII : waiting 46 66 today 32
people 21 long 16 bus 11
are

Step IX : waiting 66 46 today 32
people 21 long 16 bus 11
are

Step X : 66 waiting 46 today 32
people 21 long 16 bus
11 are

Step X is the last Step of the arrangement of the above input as the intended arrangement is obtained.

Now, answer the questions based on the following input : **Input : 23 you 13 wake 81 me 43 before 72 go 34 up**

28. Which of these words /numbers would be fourth (from left side) in Step IV for the input ?

- (1) me (2) 43
- (3) 81 (4) wake
- (5) None of these

29. The following stands for which step of the rearrangement ? **you wake 81 43 72 34 up me 23 go 13 before**

- (1) Step IX (2) Step IV
- (3) Step VI (4) Step V
- (5) None of these

30. Which of the following would be Step II for the above input ?

- (1) 23 you wake 81 me 43 72 34 up go 13 before
- (2) 23 you 13 wake 81 me 43 72 go 34 up before

(3) 23 you wake 81 me 43 72 go 34 up before 13

(4) 23 you wake 81 me 43 72 . go 34 up 13 before

(5) None of these

Directions (31 - 35) : Below is given a passage followed by several possible inferences which can be drawn from the facts stated in the passage. You have to examine each inference separately in the context of the passage and decide upon its degree of truth or falsity.

Mark answer (1) If the inference is "**definitely true**" i.e. it properly follows from the statement of facts given.

Mark answer (2) If the inference is "**probably true**" though not "**definitely true**" in the light of the facts given.

Mark answer (3) If the **data is inadequate** i.e. from the facts given, you cannot say whether the inference is likely to be true or false.

Mark answer (4) If the inference is "**probably false**" though not "**definitely false**" in the light of the facts given.

Mark answer (5) If the inference is "**definitely false**" i.e. it cannot possibly be drawn from the facts given or it contradicts the given facts.

(Note : Each of the five questions has only one distinct answer i.e. no two questions can have the same answer. If you get the same answer for more than one question, consider both again and decide which one of the two would more definitely be that answer and in the same way review the others also.)

Cardiovascular disease is so prevalent that virtually all businesses are likely to have employees who suffer from, or may develop, this condition. Research shows that between 50-80 per cent of all people who suffer a heart attack are able to return to work. However, this may not be possible if they have previously been involved in heavy physical work. In such cases, it may be possible to move the employee to lighter duties, with appropriate retraining where necessary. Similarly, high-pressure, stressful work,

even where it does not involve physical activity, should also be avoided. Human Resource managers should be aware of the implications of job roles for employees with a cardiac condition.

31. Employees who suffer from cardiovascular disease are mostly unable to return to work.
32. Employees suffering from Cardiovascular diseases are unable to handle stressful situations.
33. Employees above the age of 50 are found to suffer from cardiovascular disease.
34. Physical and stressful work definitely leads to a heart attack.
35. Heart disease can affect employees in any type of business.

Directions (36 - 40) : Study the following information to answer the given questions :

J, P, Q, R, S, T, U and V are four married couples sitting in a circle facing the centre. The profession of the males within the group are lecturer, lawyer, doctor and scientist. Among the males, only R (the lawyer) and V (the scientist) are sitting together. Each man is seated besides his wife. U, the wife of the lecturer is seated second to the right of V. T is seated between U and V. P is the wife of the doctor. Q is not the doctor. S is a male.

36. Which of the following is P's position with respect to S ?
 - (1) Second to the right
 - (2) Second to the left
 - (3) Immediate right
 - (4) Immediate left
 - (5) Third to the left
37. Which of the following is J's position with respect to T ?
 - (1) Third to the left
 - (2) Fourth to the right
 - (3) Third to the right
 - (4) Opposite T
 - (5) Second to the right
38. Which of the following is **not true** regarding the couples ?
 - (1) P is the wife of S
 - (2) T is the wife of Q

- (3) R is the husband of J
- (4) J and S are seated adjacent to each other
- (5) All are true

39. The wives of which two husbands are immediate neighbours ?
 - (1) UT (2) SR
 - (3) VQ (4) RV
 - (5) None of these

40. Four of the following are alike in a certain way based on their seating position in the above arrangement and so form a group. Which is the one that **does not** belong to the group?
 - (1) RSJ (2) TRV
 - (3) UT V (4) SQP
 - (5) UP Q

Directions (41 - 44) : Study the following information to answer the given questions :

Seven friends, T, U, V, W, X, Y and Z are sitting in a straight line facing north. W sits fifth to the right of T. W does not sit at any of extreme ends. Two people sit between Z and X. Y sits third to the left of U. Y sits exactly in the middle. Z is not an immediate neighbour of Y.

41. What is Z's position with respect to W ?
 - (1) Second to the left
 - (2) Third to the right
 - (3) Fourth to the left
 - (4) Third to the left
 - (5) Fourth to the right
42. Who is second to the right of T ?
 - (1) Y (2) OC
 - (3) U (4) V
 - (5) None of these
43. Four of the following five are alike in a certain way based on their seating positions in the above line and so form a group. Which is the one that **does not** belong to the group ?
 - (1) UW (2) XV
 - (3) ZT (4) YV
 - (5) WX
44. If all the seven friends are made to sit alphabetically from right to left, positions of how many will remain unchanged ?

- (1) None (2) One
- (3) Two (4) Three
- (5) Four

Directions (45 - 57) : Read the given statements carefully and answer the questions which follow.

45. After the government announced a compensatory policy for farmers in return for the acquisition of their land, the farmers demanded a written proof of the policy.

Which of the following could possibly be a **Cause** for demanding the written proof?

- (1) The farmers were unable to contest the inadequate compensation for their land in earlier such policies.
- (2) The compensation promised in the policy was grossly inadequate.
- (3) The farmers were unwilling to surrender their lands to the government.
- (4) The farmers demand a certain-percentage of share out of the revenue generated by the government off their lands.
- (5) The only option to enforce the government officials to frame a compensatory policy for the farmers was to demand a proof.

46. The number of cases concerning a non-contagious chemical poisoning is on the rise among local villagers.

Which of the following could possibly be a **Cause** of the statement given above ?

- (1) The government has ordered an immediate enquiry into the matter.
- (2) Unless timely treatment is provided to the patients, the poisoning can prove to be fatal.
- (3) Many factories surrounding the village do not dispose off their wastes appropriately.
- (4) The only hospital in the area is not equipped to treat chemical poisoning related ailments.

(5) A study done a couple of years ago had reported that a large number of farmers had stopped using chemical fertilizers owing to their ill-effects on health.

47. Small grocery shop owners have gone on a day's strike in order to protest against the entry of a foreign retail store chain in the city.

Which of the following statements can be an **Effect** of the statement given above ? (1) The small grocery shop

owners perceive the big retail giants as sharks, trying to dominate the available market space.

(2) Foreign investment in retail has shown a tremendous growth in India since a couple of years.

(3) There have been several countries in which retail chain giants have totally wiped out small scale grocery shops.

(4) The government agreed to take all political steps required to safeguard the interests of small scale retailers.

(5) A recent survey indicated that a large number of people prefer to buy their daily grocery items from the nearby grocery stores rather than big retail chain stores.

Directions (48 - 50) : Read the following statements carefully and answer the questions which follow.

48. The ministry of sports has been advised by a committee to take the highest award in the field of sports back from two players who were allegedly-involved in match fixing.

Which of the following statements would **weaken** the argument put forward by the committee to the sports ministry ?

(1) A good conduct in the past and a lack of evidence against the players make the case against them very weak.

(2) The ministry of sports has never declined the recommendations made by the committee earlier.

(3) Taking the award back from the players would set a good example to other players for avoiding such actions in the future.

(4) There have been past cases where the award had to be taken back from the players owing to some misconduct later on.

(5) The committee is constituted of some of the most respected and esteemed members from the fields of sports and politics.

49. Many organizations have been resorting to recruitment based upon performance at graduate/post-graduate level exams rather than conducting exams for the same purpose.

Which of the following statements would **strengthen** the argument given in the above statement ?

(1) A recent study shows no link of past performance with the performance in recruitment exams.

(2) The graduate/post-graduate exams are considered to be severely deficient in training in job related environment.

(3) Organisations which had undertaken recruitment on the basis of graduate/post graduate exams report a significant drop in the quality of the recruited employees.

(4) Such policies would add to unemployment among students having below average performance in graduation or post-graduation.

(5) Such policies could save time, money and resources of the organisation which are wasted in the conduct of recruitment examinations.

50. According to a recent government directive, all bank branches in rural areas should be computerized.

Which of the following statements would **weaken** the government's argument ?

(1) Computerisation of bank branches in urban areas has helped in making their performance more efficient and fast.

(2) Lack of skilled and qualified manpower has been suitably substituted by computers in banks.

(3) Non-computerised bank branches in the rural areas have been proved to be as efficient as their computerized counterparts.

(4) The government has introduced a special test for computer knowledge in all recruitment exams for banks.

(5) Unemployment in the rural areas could be controlled by training more and more professionals in computers.

QUANTITATIVE APTITUDE

51. A 320 metre long train crosses a pole in 50 seconds. What is the speed of train ?

- (1) 4.6 m/sec (2) 7.2 m/sec
(3) 5.4 m/sec (4) 6.4 m/sec
(5) Cannot be determined

52. In a school some sweets were to be distributed among 420 children on the occasion of Teacher's day. But 140 children remained absent on that particular day and hence each child got one sweet extra. How many sweets each child would have got originally ?

- (1) Cannot be determined
(2) 2 (3) 5
(4) 4 (5) 1

Directions (53-57) : In the following questions information about number of candidates interviewed by five commercial firms on different working days has been provided. You are required to read the table carefully and answer the questions given below :

Number of candidates interviewed by five firms on different working days

Working Day	Firms				
	A	B	C	D	E
Monday	17	18	23	25	18
Tuesday	21	19	14	28	25
Wednesday	23	22	23	12	18
Thursday	24	14	12	23	18
Friday	10	10	16	15	22
Saturday	17	26	20	20	24

53. What is the respective ratio between the number of candidates interviewed by firm D on Friday and Saturday together and that of candidates interviewed by firm B on the same days?
 (1) 35 : 38 (2) 39 : 40
 (3) 43 : 44 (4) 45 : 46
 (5) 35 : 36
54. The number of candidates interviewed by firm C on Wednesday is what per cent of total number of candidates interviewed by all the firms on the same day?
 (1) 24 (2) 23
 (3) 38 (4) 29
 (5) None of these
55. In which firm the number of candidates interviewed decreased consistently from Monday to Saturday?
 (1) B (2) None
 (3) D (4) C
 (5) A
56. What is the number of candidates interviewed by all the firms on Monday?
 (1) 101 (2) 102
 (3) 114 (4) 98
 (5) 96
57. By what per cent the number of candidates interviewed by firm E on Tuesday increased with respect to that of interviewed on the preceding day?
 (1) 45 (2) 26
 (3) 61 (4) 56
 (5) 39

58. In how many ways the letters of the word VISITING can be rearranged?
 (1) 6720 (2) 5720
 (3) 720 (4) 7620
 (5) None of these

Directions (59-64) : In the following pie-chart per cent of students enrolled in different cultural activities of a school has been shown. You are required to study the pie-chart carefully and answer the questions given below :

Number of students = 1800

59. What is the number of students who opted for dancing?
 (1) 648 (2) 684
 (3) 864 (4) 664
 (5) None of these
60. What is the respective ratio between the number of students who opted for painting and that who opted for Karate?
 (1) 3 : 7 (2) 5 : 16
 (3) 16 : 5 (4) 5 : 7
 (5) None of these
61. By what per cent is the number of candidates who opted for music more than those who opted for sports?
 (1) 30 (2) 55
 (3) 45 (4) 60
 (5) None of these
62. How many students have opted for cricket and painting together?
 (1) 702 (2) 602
 (3) 660 (4) 645
 (5) None of these
63. By what per cent is the number of students who opted for cricket and dancing together more than those who opted for painting and music together?
 (1) 14.5 (2) 12.5
 (3) 16.5 (4) 21.5
 (5) None of these

64. What is the respective ratio between the number of students who opted for dancing and karate to those who opted for painting?
 (1) 2 : 3 (2) 1 : 3
 (3) 3 : 1 (4) 3 : 2
 (5) None of these

Directions (65-69) : What value should come in place of the questions mark (?) in the following questions ?

65. $18.5 \times 21.4 \times ? = 6255.22$
 (1) 15.8 (2) 14.6
 (3) 17.4 (4) 17.2
 (5) 16.4
66. $1.5 \times 78 \div 0.5 = ?$
 (1) 238 (2) 234
 (3) 243 (4) 216
 (5) 261
67. $302.46 + 395.72 - 123.47 = ?$
 (1) 576.77 (2) 547.17
 (3) 547.77 (4) 574.71
 (5) 577.71
68. $\sqrt[3]{4096} + \sqrt[3]{64} = \sqrt[3]{?}$
 (1) 16 (2) 8
 (3) 64 (4) $\sqrt{4}$
 (5) 4
69. $? \% \text{ of } 800 = 293 - 22\% \text{ of } 750$
