Occupational English Test

Listening Test

This test has three parts. In each part you'll hear a number of different extracts. At the start of each extract, you'll hear this sound: --beep—

You'll have time to read the questions before you hear each extract and you'll hear each extract **ONCE ONLY**. Complete your answers as you listen.

At the end of the test you'll have two minutes to check your answers.

Part A

In this part of the test, you'll hear two different extracts. In each extract, a health professional is talking to a patient.

For **questions 1-24**, complete the notes with information you hear.

Now, look at the notes for extract one.

Extract 1: Questions 1 - 12

You hear a psychologist talking to a client called Candice May. For **questions 13-24**, complete the notes with a word or short phrase.
