▶ Famous photographer who was removed from the credit of the photo 'Napalm Girl'

Nick Utt

- 'Napalm Girl' is a film about a girl who runs naked, screaming, and terrified after being bombed during the Vietnam War.
- The photo, 'Napalm Girl', was taken by Nick Utt, a photographer for the US news agency AP, and won the World Press Photo of the Year in 1973.
- The World Press Photo organization removed Nick Utt from the photo's credit following an investigation into the controversy surrounding the fact that the photo was not taken by him.
