An Entri to the World of Opportunities.

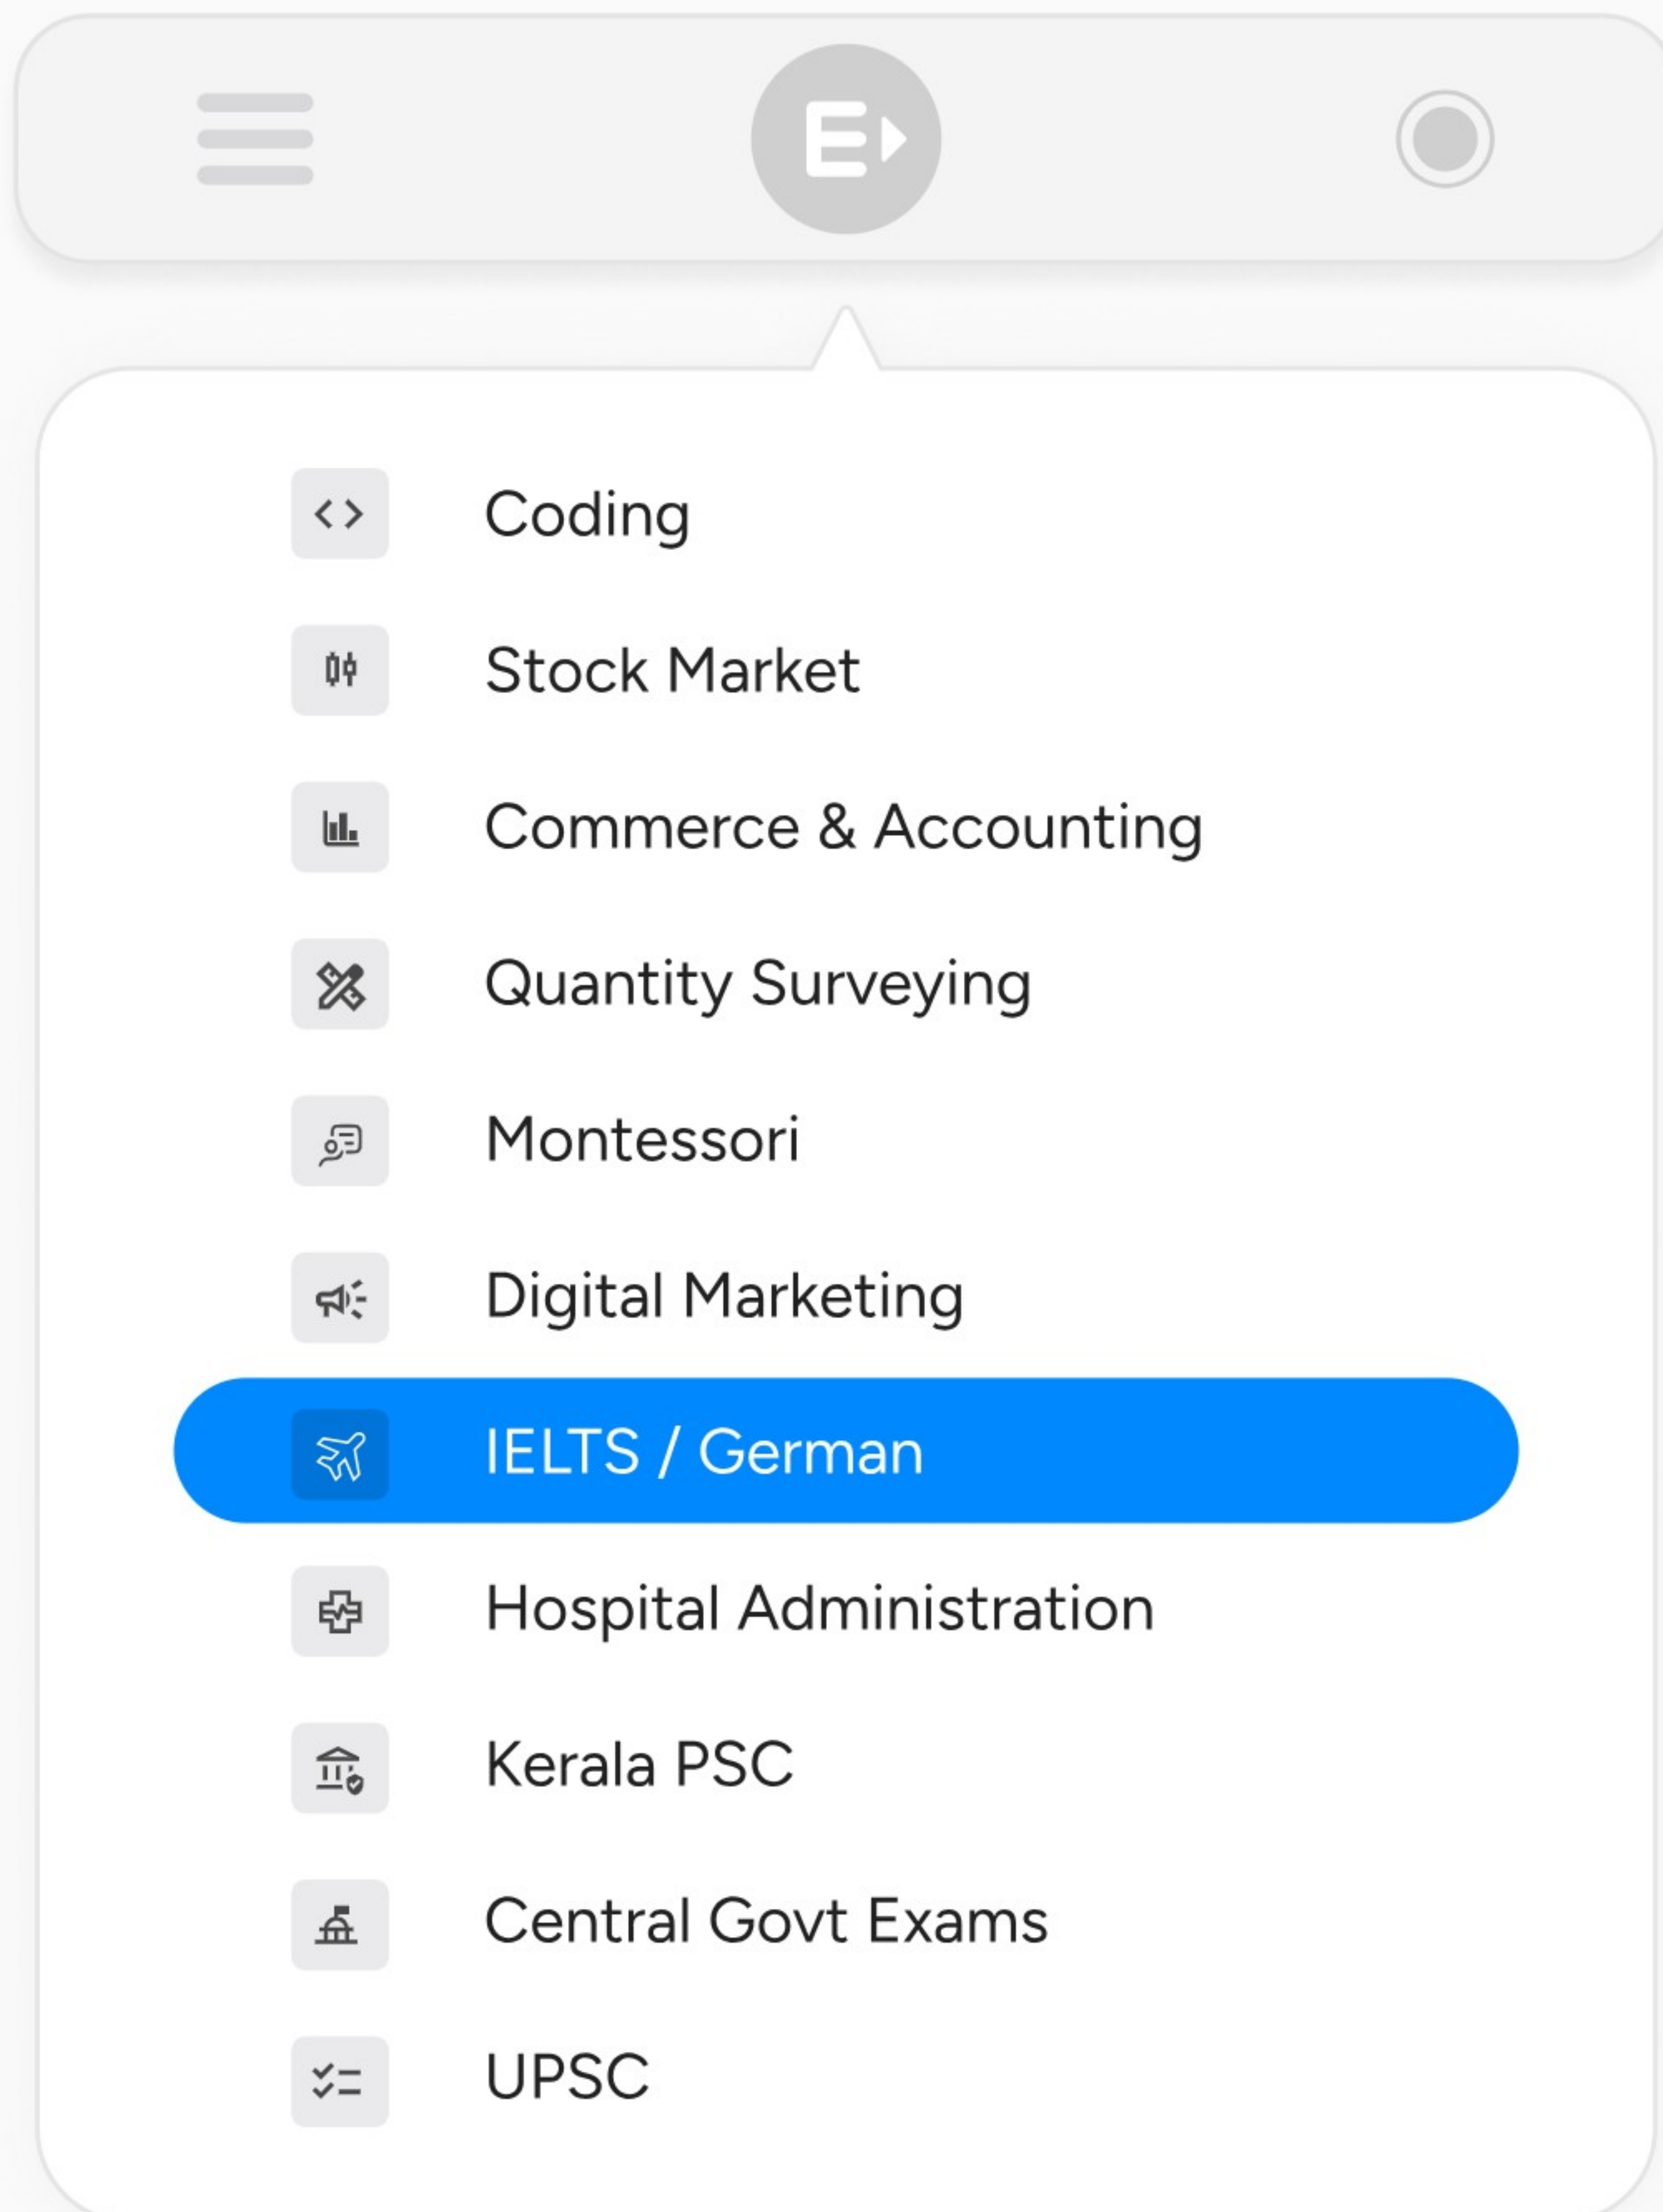

Entri is India's #1 vernacular learning app, trusted by over 14 million users across the country. We empower learners to land jobs in both the government and private sectors, offering content in five regional languages - Malayalam, Tamil, Kannada, Telugu, and Hindi. Since our launch in 2017, we've expanded from test preparation to a wide range of upskilling courses, all in regional languages. What began as a bold idea by the founders, Mohammed Hisamuddin and Rahul Ramesh, has today become a launchpad for millions chasing their dream careers. Every year, finding a good job gets more competitive. That's why we focus on helping our learners stay ahead by giving them the right knowledge, in their own language, so they can build better careers and brighter futures. We want our learners to grow, stand out, and move forward with confidence. We open the door to a world of opportunities.

Our Journey

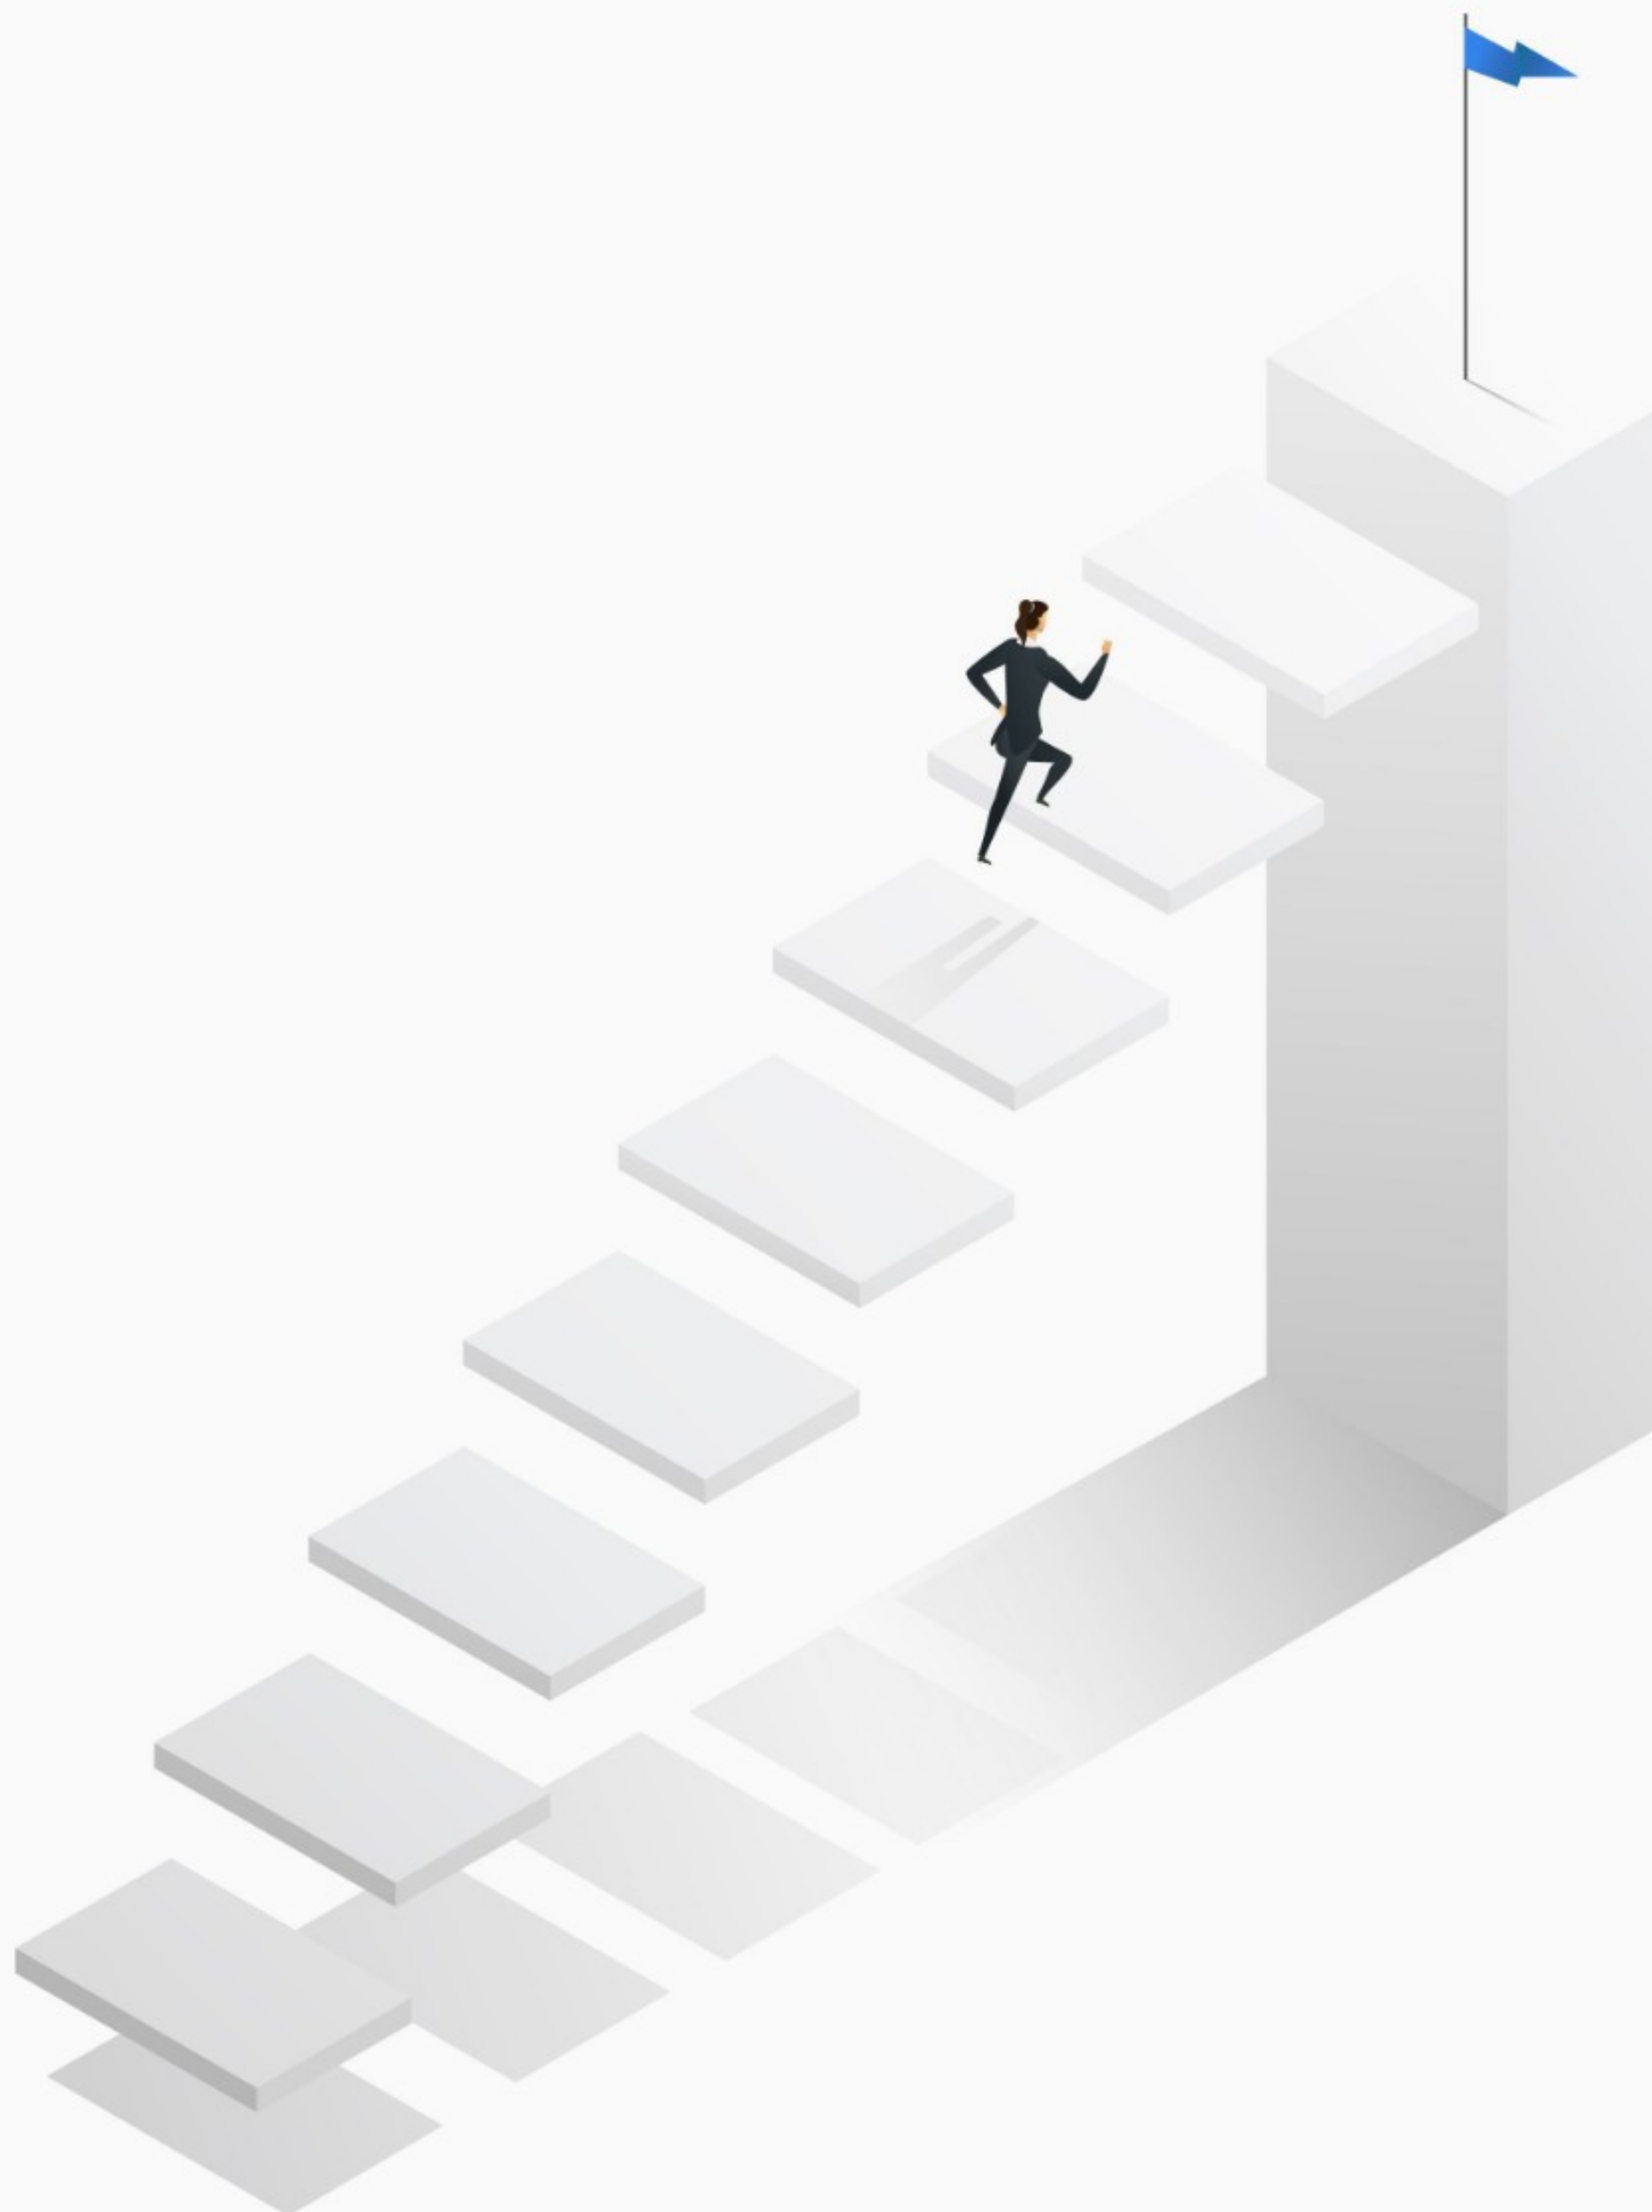

IELTS Entri started its journey in **April 2023**, right here in Kerala - with a simple mission

To make IELTS & PTE preparation accessible, result-driven, and truly student-focused.

We began small.

In 2023, our foundation was built through one-on-one mentoring, where every learner received personalized attention.

In that year alone, we trained **90+ students** and proudly helped **50+ students achieve their abroad dreams, with 20+ students scoring Band 7.5 and above** - a milestone that showed us the power of guided, structured learning.

2024: Growth, Excellence & Results

2024 marked a turning point.

We launched the **Entri Gold Program** — a premium, guided curriculum supported by a team of carefully selected IELTS experts and language trainers.

Our results scaled.

Our impact multiplied.

In **2024, 300+ students** successfully migrated or began their study-abroad journey with our support.

2025: Kerala's Most Trusted IELTS & PTE Destination

Today, in 2025, Entri IELTS stands as the No.1 preferred choice for IELTS & PTE aspirants across Kerala - because results speak louder than promises.
