Notes on Cut Off Estimate

- The 58–63 range reflects Stage-1 exam difficulty as moderate-to-easy overall, with Kerala Renaissance & History (14 Qs) and Indian Geography & Infrastructure (10 Qs) carrying the heaviest weightage.
- Marking scheme: +1 for each correct answer, –1/3 for each wrong answer, no penalty for unattempted questions.
- This estimate applies to Stage-1 of the exam. Cut offs can vary by district and category (General / SC / ST / OBC / EWS) once the official district-wise result is published.
- The official Kerala PSC cut off will be released only after: Provisional Answer Key → Objection Window → Final Answer Key → Result & District-wise Cut Off.
